

Lincoln Castle Academy

25th August 2020

Dear Parent/Carer,

Lincolnshire County Council have now released further information regarding school transport. They request that where possible, students should walk, cycle or travel to school by car even if they are normally entitled to school transport. If there is no other option for your child to travel to school, public service and dedicated school buses will continue to operate.

If your child will be using either public service or dedicated school transport, it is essential that you read the information provided in the link below which was released by the Local Authority on 20 August. This includes information on **accessing school transport, social distancing and the use of face masks**. Please share this information with your child to ensure they understand these changes. <https://www.lincolnshire.gov.uk/school-college-transport/covid-19-information-school-transport/1>

Our school website contains a lot of useful information about the term ahead, including copies of all letters sent to parents regarding our safety measures and expectations of students. Again, I would request that you read and share these with your child in order to support their successful transition back to school.

Kind regards,

Mrs Laming
